

# 3001072A Black Box - MPEG-4 Hidden Camcorder with Mic.

## State-of Art innovative Hidden Video Recorder

To avoid the enhancing alertness by pin-hole lens, this patented innovative Black Box records video under completely covert without human eyes recognizing it as a video surveillance camcorder. Audio recording is optional.

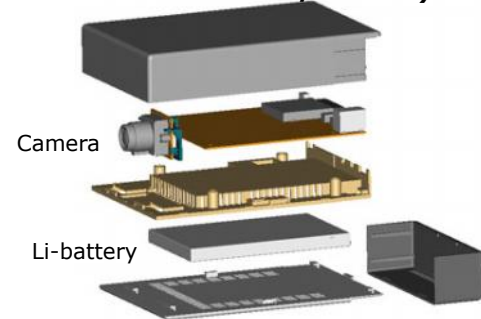

### Features

- No more pin-hole lens for covert surveillance purpose
- Built-in low lux CMOS camera, adopt external camera input with power supply
- Built-in Mic.
- MPEG-4 Codec
- Viewing angle : 75°
- 2GB SD card last averagely for 8 hours recording continuously, support up to 8GB SD card
- Playback records on itself or using PC media player
- Built-in rechargeable Li-polymer battery for at least 6 hours non-stop recording
- Operating through IR remote controller
- Easy operate OSD menu
- Functional LED indicators
- Optional SD-cards and Li-batteries are available

**Model : 3001072**

**(PATENT PENDING NO. 60/849487)**

### Specifications

<b>Video System</b>	NTSC/PAL	<b>Compression Format</b>	MPEG-4
<b>Picture Resolution</b>	640x480	<b>Recording Frame Rate</b>	640x480 @ 1 frame per 1.5 sec
<b>Video Resolution</b>	320x240		320x240 @ 30fps(NTSC) / 25fps (PAL)
<b>Motion Detection</b>	High, Middle, Low	<b>Recording Source</b>	Composite A/V Signal Input
<b>Image Size@320x240</b>	25KB ~ 160KB@30fps	<b>Audio Recording</b>	Yes
<b>Fast Forward Playback</b>	Normal, 2x, 4x	<b>Fast Reverse Playback</b>	2x, 4x
<b>Time/Date Stamp</b>	Playback on unit	<b>Operation Status LED's (Green light)</b>	Recording – normal blink
<b>External Trigger</b>	Alarm signal Input (NC/NO)		Abnormal – fast blink
<b>Power Input</b>	12V/1A DC	<b>Power Output</b>	Power loop out for Camera application (10V/200mA)
<b>Power Failure Recovery</b>	Auto Recovery	<b>Battery</b>	Removable 3.7V 4000mAh Li-polymer rechargeable battery
<b>AV-Connection</b>	RCA Composite AV input RCA Composite AV output	<b>Firmware Upgradeable</b>	Through SD Card
<b>Dimension</b>	130(H)x90(W)x30(T)mm	<b>Weight</b>	200g (with battery)

# 3001072A Black Box - MPEG-4 Hidden Camcorder with Mic.

## Storage

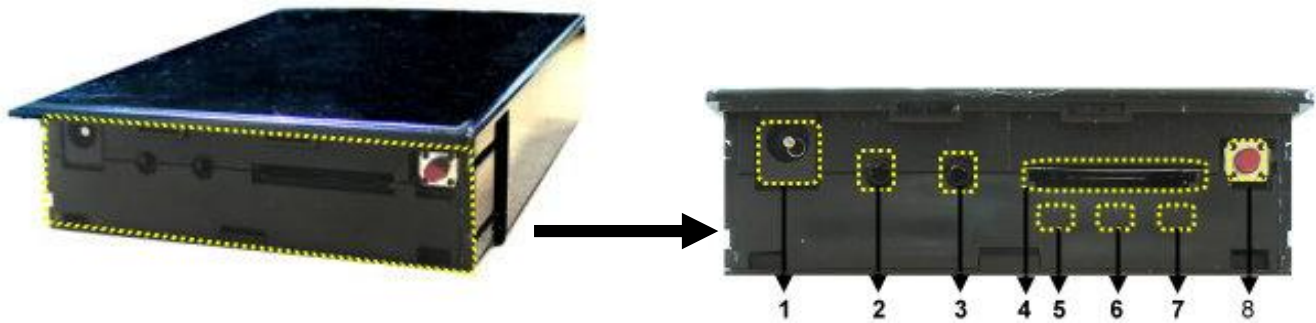

Recording based on variation of scenario	Capacity of SD Card			
	256MB	512MB	1024MB (1GB)	2GB
Less variation @30fps	approx. 3hr	approx. 6hr	approx. 12hr	approx. 23hr
General variation @30fps	approx. 1hr	approx. 2hr	approx. 4hr	approx. 8hr
Action Movie @30fps	approx. 30min	approx. 55min	approx. 1.7hr	approx. 3.5hr

## Package contains

- Black Box x 1
- Remote controller x 1
- USB SD card reader x 1
- Power adaptor x 1
- AV input cable x 1
- AV output cable x 1

## Rear View

1	DC 12V Input	2	AV Output	3	AV Input	4	SD Card Slot
5	Power LED Indicator	6	Playback LED Indicator	7	SD LED Indicator	8	Power ON/OFF

## Front View

Viewing angle 75°
