

3014039 Home Security Camera Built-in 1GB Flash Memory

Features

- MPEG-4 compression
- Built-in 1GB / 2GB / 4GB (optional) flash memory
- Extremely portable device with Built-in camera
- Automatic image control functions
- Function supported: AES, AWB, AGC
- Recording auto resumes after power loss and back
- Supports two recording modes: Continuous and Motion Detection
- One device supports both PAL and NTSC system
- Live video is guardable when recording process
- Supports VGA and QVGA image compression format
- Selectable compression image qualities and frame rates
- Motion detection with Adjustable motion sensitivity level Supports flexible playback mode: Normal, Fast Forward,
- Fast Rewind, Pause, Step Forward and Step Rewind
- User-friendly OSD set up menu and front panel design

Model : 3014039

Unit: minutes

Storage Capacity						
Quality level	Built-in 1GB		Built-in 2GB		Built-in 4GB	
	640x480 @12fps	320x240 @30fps	640x480 @12fps	320x240 @30fps	640x480 @12fps	320x240 @30fps
High	250	440	500	880	1000	1760
Medium	480	540	960	1080	1920	2160
Low	800	1100	1600	2200	3200	4400

Specification

Sensor	¼" color CMOS Sensor
Lens	Cone Lens f3.8 mm/ F2.0
Video Compression	MPEG-4
S/N Ration	46dB
Auto Electronic Shutter	1/60s ~ 1/15,000s
Auto Gain Control	Yes
Auto White Balance	Yes
Synchronous System	Negative Sync
Video output port	RCA Jack, 1 Vp-p./75Ohms
Video output format	NTSC or PAL (Switch Settable)
Recording Resolution	VGA(640x480)@12fps / QVGA(320x240)@30fps
Compression Quality	High / Medium/Low
Recording Mode	Continuous / Motion Detection
Storage Capacity	Built-in 1GB/2GB/4GB(optional) Flash Memory
Memory Full	Selectable Function: Full Stop/Overwrite
Playback Mode	Forward / Rewind: x1 / x2 / x4 / x8 / x16, Pause and Step
Search Playback	Date & Time
Motion Detection	Full Screen / Adjustable Detect sensitivity rate 1~99
On Screen Display	Mode / Date / Time / Status / Set up Menu
Dimension (LxWxH)	70mm (L) x 35.7mm (W) x 100mm (H)
Power Consumption	2.0W Max.
Power Supply	DC 12V /170mA, or 4 AA Batteries
